Dear Governor:

Enclosed is a copy of a memorandum dated March 19, 1976 from the Mining Engineer, U. S. Geological Survey, together with a copy of Anaconda Company's proposed mining and reclamation plan for the P-15 and P-17 mines. Also enclosed is Addendum to the mining and reclamation plan for P-15 and P-17 mines. Also enclosed are the following documents:

1. A copy of our Environmental Assessment of the plan
2. Proposed resolution

We have considered the P-15 and P-17 mining and reclamation plan and have concluded that it adequately protects the non-mineral interest.

If the proposed mining and reclamation plan meets with Council approval we would appreciate you completing the enclosed resolution and certification and returning all copies to this office at your earliest convenience.

Sincerely yours,

A. H. Maytubby
